

UPGRADE ORDER FORM

This form is for customers currently living in the UK who bought Fittingly Sew before October 1st, 2023.

Upgrade price £72.50 + VAT = £87.00

In order for you to qualify for the upgrade price, we'll need either your Fittingly Sew CD or a photo of it cut in half - with the licence number clearly readable. If you send a photo, it should also include your completed order form. Email it to info@softbyte.co.uk, or send the CD and order form by post to the address at the bottom of this form. If you haven't got access to a printer, write the relevant info on a blank piece of paper instead.

If you don't have a CD, where did you purchase Fittingly Sew?

Please enter your Fittingly Sew licence number (it's on the CD case, in Help / About, and on your invoice). If it's a FS2 licence number, it will have 15 digits, with 2 in the second place.

Your name & address. If you are paying by card, use the address registered for the bank card.
